Subject: FW: Preliminary List of Section 3 Inconsistencies

Kristine-

As Carl mentioned we provided this list of inconsistencies to fulfill an action item from our August 13 conference call because the LWG needs this additional information to complete our review of Section 3. Please let us know when you can confirm which are the correct values for the revised FS so our technical team can complete its review of Section 3.

Thanks, Jim.

Thanks Carl. We look this over and see what modifications we need to make.

Kristine - Please find attached a preliminary list of Section 3 inconsistencies. Submittal of this list is consistent with the action items from the August 13 conference call with EPA on Section 3. An action item list noting this LWG action item was sent to you earlier today. Please note that this list is based on the LWG's preliminary review of Section 3, which is still ongoing, and additional inconsistencies may be discovered with the LWG's full review.

Please let me know if there are any questions. Thanks.

Carl
